Any additional or different terms proposed by seller are rejected unless expressly agreed to in a writing signed by an authorized representative of the buyer.

INDEMNITY Seller agrees to protect, indemnify, defend and hold harmless Buyer, its directors, officers, agents, employees, affiliates, successors, assigns, customers and users of its products, against all liability, loss, damage or expenses whatsoever (including, without limitation, attorneys' fees): (i) which may result from any claim, demand or suit based on (x) a condition in any such Material as would constitute a failure of such material to be as so warranted or (y) any infringement of any intellectual property (except patents owned or controlled by the Buyer) relating in any way to any material or design, composition or processing of Seller's origin or practice supplied by Seller under the Purchase Order or (ii) to all persons or property arising out of the performance of this Purchase Order or otherwise caused by or resulting from, arising out of or occurring in connection with negligence of Seller, its agents or employees or defective product supplied by Seller or its third party suppliers. In addition, Seller shall carry worker's compensation and liability insurance coverage with respect to any indemnifiable matter hereunder in amounts required by Buyer in Buyer's sole discretion. Seller also agrees to supply appropriate certificates of such insurance, naming Buyer as an additional insured upon request.

INSPECTION Payment for Material and acknowledgment of receipt thereof shall not constitute an acceptance thereof. Rather, all Material shall be received subject to Buyer's inspection and rejection. Buyer shall have a reasonable time after delivery to test or otherwise inspect the material to determine whether the Material conform to Buyer's specifications. Buyer's specifications include quality of Material, quantity of Material, time of delivery (whether late or early), proper labeling and proper documentation. Buyer's acceptance of the Material or Services, inspection of the Material or Services or payment for the Material or Services shall not relieve Seller of any obligations under this Purchase Order, and does not release Seller from liability for latent defects. Buyer does not waive any of its rights of inspection or rejection by unloading or using non-conforming Material. Payment for Material does not constitute acceptance. Defective Material or Material not in accordance with the Specifications, as determined in Buyer's sole discretion will be returned at Seller's risk and expense and Buyer shall have no obligation to pay for such Material. Seller may not alter the formulation, manufacturing process or specification of any Material without Buyer's prior written consent.

MODIFYING SPECIFICATIONS Buyer reserves the right at any time to make changes in Specifications as to any Material. Any difference in contract price resulting from such changes shall be equitably determined and approved by Buyer, and the Purchase Order shall be modified in writing accordingly. Pending price adjustment, Seller shall proceed with performance of this Purchase Order as changed. **OWNERSHIP OF DESIGNS** Buyer retains all rights in designs; drawings, specifications and other materials furnished by or on behalf of Buyer to Seller in connection with this Purchase Order and Seller shall keep the same confidential. Seller hereby assigns any rights in designs, drawings, specifications and other materials it may develop or accrue in connection with supplying the Materials to Buyer pursuant hereto. No such designs, drawings, specifications or other materials, whether or not furnished by or on behalf of Buyer, shall, without Buyer's written permission, be incorporated in, or used in connection with, material furnished to others.

TIME OF THE ESSENCE Time is of the essence for this Purchase Order. The time for delivery shall not be extended beyond the date for delivery specified by Buyer, unless Buyer shall have agreed to an extension in writing. In addition to any other rights and remedies Buyer may have under this Purchase Order or provided by law, if deliveries are not made at the time agreed upon, Buyer may cancel the contract in whole or in part and purchase comparable material elsewhere, and hold Seller accountable for any additional costs arising from such cancellation and purchase and other damages incurred by Buyer as a result of Seller's default. Title to and risk of loss of any Materials supplied by Seller under this Purchase Order shall remain with Seller until delivery of said Materials has been affected at the point of delivery stated in this Purchase Order.

LIENS If the use of Seller's employees, subcontractors or others under Seller's control at the plant where the Material is to be used or installed shall be involved, Seller will keep the Material and the premises on which the work is to be done free and clear of all liens for materials and labor incident to the performance of work hereunder or on behalf of Seller.
